Entec's vision is to be the benchmark provider of technical solutions to New Zealand's heavy industry. Our success comes from the quality of our products and services, and the technical expertise, character and commitment of our people. By growing our people, we will grow our business.

We offer specialist products and services in the Rotating Equipment, Gas Detection, Instrumentation and Electrical disciplines. We are experts in installation, commissioning and service, specialising in hazardous area environments.

Entec will:

- Get you running
- Keep you running
- Keep you safe

Entec has been in business since 1982 and is New Zealand owned and operated. Reflecting the requirement for safety and quality in our key industry sectors, Entec has robust core systems in place for Health & Safety and Quality Assurance.

Rotating Equipment

- GE Waukesha gas engines
- Gas engine and compressor maintenance
- Diesel engine maintenance
- Genuine OEM spare parts
- Alignment
- Vibration analysis
- Geometric measurement and flatness checking

Gas Detection

- Portable gas detectors - single gas & multi-gas
- Portable PID detectors
- Fixed gas detection systems
- Rental and lease options
- Authorised Service Centre
- Supply, installation, commissioning, service

Instrumentation & Electrical

- Industrial/Hazardous Area Electricians
- Hazardous Area Electrical Inspectors
- Instrument Technicians
- Instrument Fitters - air, gas, hydraulic and fluid systems
- Project Management, Project Engineering, Planning
- IANZ certified calibration laboratory
- Installation, Commissioning, Maintenance
- Projects and Services

TCE Controls - Switchboards & Panels

- Electrical switchboards
- Motor control centres
- Distribution boards
- Control panels
- Air & gas operated shutdown panels
- Dosing systems

Distributorships

- GE Waukesha gas engines
- Ariel compressors
- GE Oil & Gas compressors
- Industrial Scientific portable gas detectors
- Ion Science PID gas detectors
- Tyco Flame & Gas detection
